

Bangladesh Govt Money Tech 2030

Govt Money 2030 Tech Concept

The Govt Money 2030 Tech program is designed to support brilliant Bangladeshi students who lack the financial means to continue their education. Under this program, the government provides various opportunities such as stipends, scholarships, free technical training, freelancing courses, and assistance in becoming skilled in specific sectors. Govt Money 2030 envisions helping students earn by engaging in part-time jobs.

By 2030, the government plans to promote the "learning and earning" concept across all students, enabling them to easily acquire skills in particular sectors while earning part-time.

How to Apply for Govt Money 2030 Tech Program?

This is a sustainable program aligned with the Government's Vision 2030. You can access all updated information through the official government website. For the Department of Secondary and Higher Education, students at the school and college levels will receive updated notices and opportunities from the government's official website:

govt money 2030 tech bangladesh income

The Bangladesh Government has taken an initiative to help Bangladeshi students improve their skills and earn money online through the Govt Money Tech Vision 2030 sustainable program. The government will provide access to approved earning platforms such as Fiverr, Upwork, Freelancer, Work Up Job, and various affiliate programs. Through these platforms, students can easily earn money by completing small tasks. To prevent fraud, the government encourages students to use only these freelancing platforms, which are listed on their official website.

Govt money 2030 tech salary

Upon completing the full program and training, you may receive full-time or part-time job offers from both private and government sectors. Your earning salary will depend on the job sector and market demand. In government jobs, you can expect a salary in the range of 16,000 to 22,000 Taka, while in private sectors, intermediate-level positions may offer a salary between 40,000 to 70,000 Taka.
